Notes to editors

Newmark Security PLC is a leading provider of electronic and physical security systems, which focus on personal security and the safety of assets. Operating through two established and wholly owned divisions, Grosvenor Technology (Electronic) and Safetell (Asset Protection), the Group listed on AIM in 1997.

Grosvenor Technology provides state of the art access control and data acquisition systems delivered via its reputable JANUS access control platform and its CUSTOM brand data-collection terminals. The next generation and recently launched SATEON software is a brand new and innovative access control concept which delivers all the features of a software based system but in the cloud which

improves lifecycle cost, install speed and allows for instant maintenance from anywhere in the world. Grosvenor Technology clients include BAE Systems, UK Air Traffic Control, BSkyB, Merrill Lynch, Bank of America, M & S, Morrisons, Tesco, Network Rail, government departments and many universities. More information can be found at www.grosvenortechnology.com

Offering staff and asset protection since 1987, Safetell is the UK's leading provider of fixed and reactive security screens, reception counters, cash management systems and associated security equipment. Safetell's customers range from leading blue chip organisations to single sites including banks and building societies, police forces and the Post Office, local authorities and government departments, forecourt retailers and supermarket chains. More information can be found at www.safetell.co.uk
